Reference #: 13021A-130509

Tenure-Track Assistant Professor

Faculty of Medicine – School of Physical and Occupational Therapy

Position description

The School of Physical and Occupational Therapy at McGill University invites applications for a tenure-track position at the level of Assistant Professor, in the Physical Therapy Program, in the Faculty of Medicine. Preference will be given to candidates who will develop a research program in either geriatrics, pediatrics, cardiorespiratory, cancer or neuroscience.

The School of Physical and Occupational Therapy, as part of the Faculty of Medicine, is well known for its research excellence in rehabilitation science and the professional education of occupational therapists and physiotherapists. The School established the first doctoral program in Rehabilitation Science in Canada in 1988, and has provided high-quality education to graduate students from diverse, multidisciplinary backgrounds. The School has been admitting students to its Master’s entry-level professional programs in OT and PT since the fall of 2007.

McGill University is an academic institution internationally recognized for its excellence in research, teaching and learning, especially in health sciences. It attracts high caliber faculty and students from around the world. The university is situated in the vibrant, multicultural city of Montreal in Quebec, Canada. Not only is McGill an exciting place to work, but also the quality of life in Montreal makes it an interesting and stimulating place to live.

Job Duties

The successful candidate is expected to develop an independent, active research program, apply for salary awards and research funding, teach in the professional entry-level and graduate research programs, supervise students conducting research, and participate in departmental committees and activities.

Qualifications and Education requirements

Applicants must have a professional degree in Physiotherapy and a doctoral degree in a related discipline with post-doctoral training completed or in progress. The successful candidate will eventually be required to be eligible for licensure as a physiotherapist in Quebec. Applicants should be able to demonstrate excellence in research and teaching experience will be considered an asset.
JOB DETAILS

Job Type: Tenure-track

Rank: Assistant Professor

Job status: Full-time
